

# DECLARATION OF PERFORMANCE

DWU/AL9C.H/001/2025

1. Unique identification code of the product-type: AL9C.H
2. Intended use: space heating in buildings
3. Manufacturer: STALKO SP. Z O.O SP. K., ul. Marii Rodziewiczówny, Poland; place of manufacture: Gdyńska 32, 26-600 Radom, Poland
4. System or systems of assessment and verification of constancy of performance: System 3
5. Harmonised standard: EN 13229:2002; EN 13229:2002/A1:2005; EN 13229:2002/A2:2006  
Notified body: Instytut Energetyki, Instytut Badawczy, Jednostka Notyfikowana nr 1452, 01-330 Warszawa, ul. Mory 9
6. Declared performance

| Essential characteristics                              | Declared technical parameters                                                                                                                                                                                                                                                                    |
|--------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Fire safety                                            | Compliant;<br>Minimum distance to combustible materials:<br>- Front: 200 cm;<br>- Side glass: 200 cm;<br>The base must be made of non-combustible material, minimum thickness 3 cm, with a strip of at least 60 cm in front of the stove door and extending at least 30 cm beyond the door edges |
| Emission of carbon monoxide (CO) at 13% O <sub>2</sub> | 0,07 %                                                                                                                                                                                                                                                                                           |
| Release of dangerous substances                        | No dangerous substances                                                                                                                                                                                                                                                                          |
| Surface temperature                                    | Complaint                                                                                                                                                                                                                                                                                        |
| Electrical safety                                      | NPD                                                                                                                                                                                                                                                                                              |
| Maximum operating pressure                             | NPD                                                                                                                                                                                                                                                                                              |
| Mechanical resistance                                  | Compliant; Flue outlet: compliant $\phi$ 180 mm, L=66 mm; Flue channels: $\geq$ 30 mm                                                                                                                                                                                                            |
| Heat output / energy efficiency                        | Complaint: 9kW/78%                                                                                                                                                                                                                                                                               |

The performance of the product identified above is in conformity with the set of declared performance.

This declaration of performance is issued under the sole responsibility of the manufacturer identified above in accordance with Regulation (EU) No 305/2011.

Radom, date 18.12.2025

Signed on behalf of the  
manufacturer by:

CEO

  
Michał Ziomek
